The Wildebeest Kuil Rock Art Centre was developed with the generous support of the Department of Environment Affairs and Tourism. De Beers Consolidated Mines Ltd sponsored the movies, and has supported the !Xun and Khwe craft project. Numerous other organisations and individuals have contributed to the success of the project.

The Rock Art Research Institute at the University of the Witwatersrand was the lead agent, with Tara Turkington as project manager in 2001. The McGregor Museum contributed substantially to the project, mapping and recording the site, preparing final display and audio texts, building the displays, laying out the pathways, and maintaining this website. The development phase was managed by a Steering Committee on which the museum was represented along with other provincial stakeholders including the Department of Sport, Arts and Culture, SAHRA, Northern Cape Tourism Authority, !Xun and Khwe CPA, and others. The Northern Cape Rock Art Trust was established to take the project forward. The McGregor Museum has managed the site on a daily basis since 2004.
